

# Crushproof™ Dynamometer Hose and Adapters

## F350 DYNO

### Straight Adapter w/ Chain and Hook

- Accommodates up to a 3" O.D. tailpipe
- 3 1/2" I.D. x 15" long
- Threads into 4" hose
- Probe hole for dynamometer testing
- Weighs only 2.5 lbs.

## F475 DYNO

### Oval Adapter w/ Chain and Hook

- Accommodates twin 2" tailpipes
- 3" x 6" oval I.D. x 10" long
- Threads into 4" hose
- Probe hole for dynamometer testing
- Weighs only 2 lbs.

## ACT 400 DYNO

### 4" Crushproof™ Dynamometer Hose

- This new series of exhaust hoses is made of a blend of rubber that can withstand the high temperature of a dynamometer when used with a fan-assisted system
- Heavy wall thickness increases durability
- To prolong the life of the hose, always use an adapter and allow the hose to cool after each use
